

SANTA CRUZ ORGANIC: DELICIOUS AND SMART SNACK TIME CHOICES - DIANE SCHMIDT

There is nothing better than a hearty and wholesome peanut butter and jelly sandwich on a cold winter day. And after a long winter break and the holidays, my focus for my family is getting back to everyday quality eating! My son Cam loves peanut butter sandwiches and making them better for us is what I'm all about.

During my latest trip to Target, I stocked up on our fave Santa Cruz peanut butter, jelly and applesauce.

I made Cam a peanut butter sandwich one day after school and he loved the peanut butter- sweet, but not too salty and just the right texture! The strawberry jelly was a definite hit as well. Cam loved the applesauce pouches, so convenient for after school and on the go after band practice and more.

The next time you are at Target, be sure to stock up and fill your pantry with delicious Santa Cruz products. And they are 25% off right now via Cartwheel!
