Summer break is coming to a close and my household is gearing up for school. As a busy mom of 2, I don't always have the time or energy to prepare full meals from scratch every night. I need meals that are quick, easy, and full of flavor. I stopped by my local Kroger with the agenda of finding just that and was delighted when I came across Jimmy Dean and Tyson products!

Breakfast is the most important meal of the day so we start our day with Jimmy Dean. Jimmy Dean offers a wide variety of delicious frozen breakfast options that are bound to kick start a successful day. My kids love the convenience of being able to grab their favorites, heat them up, and get their morning started without messing up a ton of dishes.

My daughter is a simple girl and loves classic flavors. Her favorite is the Jimmy Dean snack size sausage biscuit. My husband and I both enjoy the Jimmy dean sausage egg and cheese English muffins. My son on the other hand prefers bold new flavors and isn't afraid to try new things. He delightfully jumped at the chance to try out Jimmy Dean meat lovers stuffed hash browns. He fell in love and requests them each morning.

Jimmy Dean not only saves the day on busy school mornings, but it puts a special twist on weekend and holiday breakfasts too! Mix and match products so that everyone can enjoy their favorites. It'll save you time and stress in the kitchen, while giving you more time to bond over a delicious meal that is sure to please.

Dinner time doesn't have to be stressful either! Tyson's chicken products are bursting with flavor and are easy to make as well. My kids love chicken strips, but Tyson helps me remix a favorite classic and serve up an unforgettable dinner! We recently tried Tyson buffalo style chicken strips and were blown away by how flavor packed they are and how crispy they were as well.

Tyson really helps take those boring time consuming weeknight dinners to a whole new level! Pair them with fries, tots, onions rings, friend pickles, fresh veggies, or even a small salad! You're bound to get thumbs up as your family enjoys a delicious dinner that they will ask for again and again.

You can even spice it up a little further with a variety of dipping sauces. I'm a honey mustard kind of gal, but my hubby loves a spicy ranch dip. It's simple to make too! Grab your favorite ranch dressing, add pinch of cayenne pepper, and mix. You can also add a little hot sauce as well if you really want to take the heat up a notch. Say Goodbye to boring weekday dinners and hello to a variety of flavorful chicken dinner options!

Are you a busy mom like me? Are you looking for convenient meal options that are bursting with flavor? Stop by your local Kroger to pick up Tyson and Jimmy dean products. Your family will thank you for it!
